April 21, 2006

Representative Mac Gipson
507 Cook Road
Prattville, AL 36067

Dear Representative Gipson:

On behalf of VOICES for Alabama's Children and more importantly the children and families of our state, thank you for your sponsorship of the Child Passenger Safety Bill (HB364/SB38) during the 2006 legislative session. As you well know this bill will prevent needless injuries and deaths to Alabama's children. It will also save the state millions of dollars in health care, rehabilitation, and special education costs. In short it is a win for Alabama families and a win for the state as a whole.

We are grateful for your leadership in bringing the issue of child passenger safety to the attention of your fellow legislators and are proud to call you a Champion for Children in Child Passenger Safety.

Sincerely,

A handwritten signature in black ink that reads "Linda".
